

2018 Spring European Professor Cup

Video Game Swiss Format

The theme for this tournament is **BALANCE**, and this is reflected in the format below! Have fun constructing teams with Pokémon whose individual base stats cannot be less than 30 or greater than 105. You will be playing in Double Battle format. Attacks and Abilities that could hinder your Pokémon's physical balance are prohibited, as are Mega Stones and Z-Crystals. Finally, to add an extra layer of challenge, Abilities that automatically set weather are banned.

Good luck!
